

ROBOTIC ARTHROPLASTY FELLOWSHIP PROGRAM

*Get trained by the best. Build your surgical career with hands-on learning.
Join an intensive 6-month fellowship programme at Narayana Health City, Bengaluru.*

About the Institute

Narayana Health City, Bengaluru (a unit of Narayana Hrudayalaya Ltd) has total bed strength of 2000 with 30% of beds earmarked as teaching beds.

The department of Orthopaedics & Joint replacement, is equipped with the **Meril CUVIS ROBOT**, an active robotic surgery system designed for joint replacement procedures.

About the Fellowship

This comprehensive 6-month clinical fellowship program offers advanced hands on training in;

- Robotic-assisted joint replacement surgery.
- Direct Anterior Approach (DAA) hip replacement.

The program immerses fellows into the day-to-day working of a high-volume Orthopaedic surgical unit.

Be part of a highly structured,
hands-on fellowship in Bengaluru.
